WORK EXPERIENCE

CGM F & B (Group),Ok Dollar Tech Co.,Ltd - Time City Yangon campus

Web Applications Developer   2019 - 2022

- Designed responsive websites using HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, and React, ensuring optimal viewing experience across devices.
- Developed user-oriented visuals and features with Flutter, enhancing site usability and engagement.
- Built back-end applications and functional databases using Laravel to support website functionality.
- Implemented server-side logic and APIs using Node.js, ensuring scalable and maintainable architecture.
- Managed databases using ORM tools and SQL/NoSQL technologies, including MongoDB, to ensure efficient data storage and retrieval.
- Collaborated with cross-functional teams to deliver production-ready web applications on schedule.

Freelance

Full Stack Developer   2022- 2025

- Designed and implemented responsive, dynamic web applications using React, Flutter, Laravel, PHP (PDO), Express.js, Node.js, and the MERN stack.
- Built RESTful APIs and integrated third-party services for payment, authentication, and messaging.
- Optimized database queries in PostgreSQL and MongoDB, improving performance by 30%.
- Collaborated with cross-functional teams to deliver projects on schedule and enhance user experience.

TTES Software Solution Company

Data Analyst Consultant   2016 - 2018

- Evaluated the effectiveness of current analytical methodologies and proposed innovative alternatives when necessary.
- Automated routine reporting tasks, saving time and resources while minimizing human error.
- Provided technical support for troubleshooting analytics and reporting issues.
- Collaborated with cross-functional teams to deliver production-ready solutions
